Letter No. 44/9 dy 17 April 1877 from the Commissioner Nagpur Division -

---

In this Office Prov: No. 7744/R 140 dy 3rd November 1876, it was directed, in modification of the letter noted in the margin, that where the amount of grit part collected on the excluded minor canals in Kayamposta and main valleys is less than 10 Rupees and falls short of the minimum percentage calculated under the general rule, one-fourth of the amount collected may be granted as remuneration to the Kayamposta tadar or mukadam for the trouble of collection.

No: 5891/R 136 dy 22 Jany 1873 to the Income Comm[r]

2. With reference to this Order, the Commissioner of the Nasarabad submits a Statement showing the number of excluded minor inams in the Division, the amount of quit rent imposed on them, and the amount of commission payable to the holders of the villages in which the minor inams exist, in accordance with the sanctioned scale.

3. It appears from this Statement that there are, in all, 50 minor inams in the Division, of the description under notice, the amount of quit rent is Rs 84-12-3 and the amount of commission to be paid, under the scale, Rs 13-15-2.

5

4. The Commissioner states that no commission has hitherto been paid in his Division to holders of mauna and Kaingaroa villages for collecting the quit rent due to Government from holders of minor mauns, and raises the 2 following questions for the orders of the Chief Com:

(1) Whether, under the Order of 3rd November 1876 the maundars should be allowed the commission in cases where no compensation has till now been paid.

(2) If so, in what manner the payment should be made, i.e, whether by means of an audited bill, in which case the full amount of quit rent collected would have to be credited to Govt, or by a deduction made

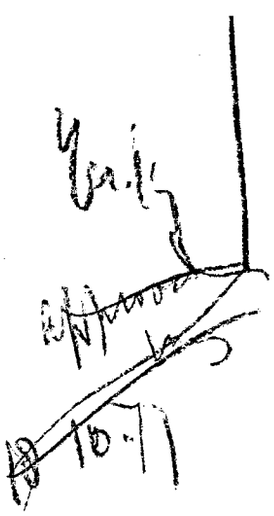
nt of the gross collections
t the Sist rent, in which
ase, the net amount
nly will have to be brought
to book. —

5. It appears to me
that in the Statement sub-
mitted, the Commissioner
has not included the
names of all the inam
villages which fall under
the provisions of the
Act Pro: of 3rd Nov 1876.
As an instance, I may
remark that Malapondanhalli
belonging to the late Harihar
taluk (since transferred
to Davangere) is not the
only village of the de-
scription under notice
in that taluk, there being
two other villages, Vasana
and Bairanahalli, which

Postscript.

have not been included in the Statement.

6. Further, the amount of Quit rent to be collected from minor inams in Malapondanhalli is put down as Rs 8-10-0, while the same amount is stated as Rs 9-2-0 in the Quit rent register of the late Harihar taluk. Explanation may be called for on the above points.



7. In regard to the first of the questions raised by the Commr, they state that the non-payment of any commission in the Nagar Division is probably owing to the fact that the number of

minor matters is very small.
The allowance sanctioned
in the order of 8th June/76
may, however, be disbursed to the
Naunders in the Nagar Division
also, as it is but fair
to apply the rule generally
throughout the province.

I am not sure to what extent
I agree with the conclusion
of the Naunders in Nagar Division
when it has been brought to my notice

8. In regard to the
2nd query put by the
Commissioner, I am of
opinion that, in the present
instance, the whole
amount collected by
the naunder should
be credited to Government
and payment made
to him on account of
his commission by means
of an audited bill.
I prefer this course

as it is necessary that the collections made from each minor main should be examined by Government.

8 q With reference to the Secretary's query above, I beg to submit the following remarks in support of my suggestion.

10 The excluded minor inams situated in an inam or Kayampoottu village are directly under the control of Government, the quit rent payable on them having to be made over to Govt and not to the Jenmi of the village. It is, however, found convenient to leave the collection of the quit rent to the holder of the inam or Kayampoottu village, who is thus a mere agent of Govt and is remunerated for his trouble by the percentage allowed to him. It is therefore the interest of Government to see that the collection is properly made every year from

each of the minor zamindars,
any default on the part
of the latter leading to the
resumption of the zamin
by Government. This
constant check upon the
minor zamindar cannot,
I think, be exercised by
Government, if the whole
zamindar contents himself
with paying to Government
a fixed sum every year
on account of collection
of quit rent from minor
zamins (subtracting
therefrom the percentage
allowed him) without
furnishing any particulars
regarding due payment of
the quit rent by each
minor zamindar. Such
a measure might lead
to combination between
the whole and minor

incumbars 10 fine room to
fraud. ~~Upon~~, if, for instance
one of the excluded minor
mans in question should
lapse by the extinction
of the family of the holder
the mans would, under
the rules, become forfeit land,
and forf. would charge
full assessment on it
from the whole mandan
In such a case, if the
whole mandan did not
furnish any particulars
regarding the minor mans
in his village, the government
would have no means
of knowing the lapse of
the mans and would
consequently lose the
full assessment which
it would otherwise have
charged on the whole mandan

11. Thus with the mans
that government should

11

evince a direct interest in the excluded minor inams in lieu of Kanyam of the villages. I advocated the first of the courses suggested by the Nagar Division Comm^r. Whatever course may now be considered most convenient to be adopted, I think it is necessary that Government should be kept informed of the Quit rent duly paid every year by each minor inamdar, and of the cases, renunciations &c of minor inams that may occur from time to time.

2. From the reports of the Deputy Commissioners it appears that no Remission has hitherto been paid to the proprietors of the villages referred to in Column 2. —— Major Armstrong now raises the question viz. whether under the Chief Commissioner's proceedings above quoted, the Inamdars should be allowed the remission as per column 5; and if so, in what manner the payment should be made, ie, whether by means of an audited bill in which case the full amount of Quit-rent collected, will have to be credited to Govt or by a deduction made out of the gross collections of the Quit rent, in which case, the net amount only will have to be brought to book.

3. I therefore request you will be so good as to obtain the Chief Commissioner's orders on the points above adverted to.

from the Commissioner Kaladgi

Order thereon.

The Statement submitted by the Commissioner does not appear to include all the inam villages which fall under the provisions of the Chief Comrs Pro: No. 7744/R 140 dt 3d November 1876. Besides Malaspondanahalli, belonging to the late Harihar taluk (since transferred to Dharwar), there are two other villages, Vasana and Bavanahalli of the same taluk, which have not been included in the Statement. Further, the amount of quit rent to be collected from minor inams in Malaspondanhalli is put down as Rs 8-10-0, while the amount entered

in the quit rent register of the Lake Harchar taluk is Rs 9-2-0. Explanation is requested on the above points.

2. It is reported that no commission has hitherto been paid to the ~~persons~~ proprietors of the villages referred to in the statement on the amount of quit rent collected by them from excluded minor inamdars. This is probably owing to the small number of minor inams in the Nagar division; but the Chief Commissioner considers that there is no reason for refusing the concession in their case.

3. As to the mode of adjusting the commission payable to the inamdars, Mr Saunders thinks it advisable to make the

6

prepared on the accompanying forms

payments on bills audited annually, ~~quarterly~~ showing the collections from time to time made by the Commissioners on behalf of Government. This course seems necessary to enable the Government to ascertain whether the Quit rent has been regularly paid by the minor Commissioners and whether there have been lapses to Government caused by non payment of Quit rent, relinquishment &c.

~~a Memorandum to this effect is forwarded to the Auditors.~~
